## REASONS FOR ALLOWANCE

1. Based on applicant's amendment, filed 10/12/2005, see page 10 of the remarks, with respect to cancellation of claims 1, 4, 6 and 15-17, have been fully considered and are persuasive and upon further consideration the 35 U.S.C. 102(b) rejection there of is withdrawn.
2. Claims 2-3, 5, 7-14 and 18-24 are allowable. The claims will be renumbered as 1-18.
3. The following is an examiner's statement of reasons for allowance.

The instant invention generally relates to information input apparatus for a postal matter sorting machine and data display.

With respect to claims 2, 7-12, 18 and 21, the closest prior art of Haruki does not disclose or suggest, among other things, first display which indicate that said postal information input apparatus has received data to be input from postal matter sorting machine, and second display which indicates that if said data to be input "cannot be input within a predetermined time, said predetermined time has passed".

These key features in combination with all of the other features of the claimed invention are neither taught nor suggested by Lee and Powell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
